

UNIVERSITA' DEGLI STUDI DI NAPOLI FEDERICO II

SCUOLA POLITECNICA E DELLE SCIENZE DI BAS

Corso di Laurea Magistrale in

Mathematical Engineering

Academic Year 2018/19 – II Year (I semester) – Beginning of courses September 24

Dipartimento di Matematica e Applicazioni "R.Caccioppoli" - AULA D

	Monday	Tuesday	Wednesday	Thursday	Friday
8-9		Information Theory			Information Theory
9-10	Differential Geometry	Information Theory			Information Theory
10-11	Differential Geometry	Computational Fluid Dynamics			Computational Fluid Dynamics
11-12	Systems Identification	Computational Fluid Dynamics		Systems Identification	Computational Fluid Dynamics/Differential Geometry
12-13	Systems Identification	Computational Fluid Dynamics		Systems Identification	Computational Fluid Dynamics/Differential Geometry
13-14					
14-15	Partial Differential Equations/ Stochastic Processes* (E)	Calculus of Variations	Partial Differential Equations/Stochastic Processes*	Calculus of Variations	
15-16	Partial Differential Equations/ Stochastic Processes* (E)	Calculus of Variations	Partial Differential Equations/Stochastic Processes*	Calculus of Variations	

COURSES	TEACHING STAFF
Computational Fluid Dynamics	G. Coppola
Calculus of Variations	C. Mantegazza
Differential Geometry	F. D'Andrea
Information Theory	A.M. Tulino
Partial Differential Equations	N. Fusco
Stochastic Processes	E. Pirozzi
Systems Identification	F. Garofalo

Nota* Lectures of Stochastic Processes will be given in Aula E
